TECHNICAL PROFICIENCIES

Web Technologies: ES6, HTML5, CSS3, JavaScript, AJAX, XML, JSON, Bootstrap.
JavaScript Libraries: React.js, Next.js, Gatsby.js.

Front-End Development: Proficiency in JavaScript, Headless CMS integration, Responsive Design, UI/UX Optimization.

Back-End Technologies: Node.js, Express.js, Django, Ruby on Rails, Flask, ASP.NET.

Database Management: MySQL, PostgreSQL, MongoDB, SQLite, Redis.

Testing and Debugging: Jest, Mocha, Chai, Cypress, Selenium.

APIs: RESTful API design, GraphQL, SOAP.

Cross-Browser Knowledge: Deep understanding of browser rendering and cross-browser compatibility.

HTML/CSS Expertise: Expert in hand-coding HTML/XHTML and proficient in using CSS for content styling and layout.

EDUCATION

Masters of Engineering

Concordia University

March 2020

Bachelors of Engineering

IAU University

May 2016

LANGUAGES

English, Farsi, French

PROFILE

Experienced Front-End Developer with over 7 years of expertise in crafting cross-browser compatible HTML/XHTML and CSS. Proficient in using design tools like Adobe or Figma for creating and converting design mockups into dynamic, customer-facing pages. Skilled in user interface design, semantic coding, and JavaScript for adding interactive behaviors, with hands-on experience in React.js. Demonstrated ability to collaborate with product managers, designers, and engineers to refine user experiences and develop optimized, functional prototypes.

WORK EXPERIENCE

Full Stack Developer

Jambaree

April 2021- Present

- Develop and maintain Next.js and Gatsby.js applications integrated with WordPress as a headless CMS, utilizing Tailwind CSS for streamlined styling and UI development.
- Handle both front-end and backend development tasks to ensure seamless user experiences, including accessibility considerations.
- Develop and maintain applications using React.js integrated with WordPress as a headless CMS.
- Collaborate with cross-functional teams, troubleshoot technical issues, and stay updated with emerging technologies to enhance project efficiency and quality.
- Contribute to documentation and knowledge sharing to foster team collaboration and maintain project transparency.
- Efficiently consume GraphQL & REST endpoints and utilize Storybook for component-driven development and UI testing.
- Implement semantic web development techniques to enhance web content accessibility and SEO.

Front End Developer

RIKAWEB

March 2020 - April 2021

- Design and develop user interfaces using modern front-end technologies such as React.js, and Next.js.
- Ensure cross-browser compatibility and responsive design principles are implemented for optimal user experience across devices.
- Collaborate closely with UX/UI designers and backend developers to deliver visually appealing and functional web applications.
- Conduct code reviews, provide feedback, and contribute to the optimization of frontend development processes for efficiency and scalability.
- Actively participate in sprint planning, stand-up meetings, and retrospectives to ensure alignment with project goals and foster continuous improvement within the development team.

Front End Developer

KAJ Real Estate Co.

May 2015 - May 2018

- Created interactive web interfaces using React, ensuring a seamless user experience.
- Crafted responsive and accessible web pages with HTML5 and CSS3.
- Integrated RESTful APIs to fetch and display dynamic data.
- Implemented best practices to enhance application speed and efficiency.
- Ensured applications were mobile-friendly and optimized for various screen sizes.
